APPENDIX-I**Methodology adopted in the IFHRMS for calculation of figures
in Forms II & III of the Number Statement**

1. Pay for two years (i.e. RE of current financial year 2023-24 and BE of next financial year 2024-25) will be calculated for all the employees on duty based on their basic pay claimed in the salary for the month of July 2023.
2. The two year period for calculation of pay and allowances will be from March 2023 to February 2025, since the emoluments for March is paid in the succeeding month of April only.
3. Calculation of pay will also take into consideration the next date(s) of increment(s) from August 2023 to March 2025 during the two year period.
4. If in case, the increment or the fixation due in the previous period is not sanctioned or updated, the system will not make back dated calculations and will assume the pay as on the cut-off date as the pay due and accordingly work out the future earnings. Thus, the actual increment(s) till 31.07.2023 should be updated in the system by the concerned DDOs on or before 31.07.2023.
5. Pay hike towards Selection Grade and Special Grade during the course of the two year period from August 2023 to March 2025 will also be not reckoned by the system.
6. However, HRA and CCA slabs will be revised in tune with the basic revision in the pay after the increment(s).
7. Pay of employees in transit (i.e. relieving entry made in old office and joining entry not made in the new office), on training and under suspension will not be part of the Number Statement.
8. Further, leave salaries will also be not part of the Number Statement since the system reckons persons on duty only. Further, arrear of pay will also be not covered in the Number Statement.
9. Number Statement will be generated for the employees under the regular and the special time scales of pay only.
10. In the case of retirement of an employee in the middle of the financial year, pay will be calculated till the end of the year.
11. The system will not generate the Number Statement for the persons engaged on Contract basis and paid under the Detailed Heads 333 PPSS or 302 Wages. Hence, the Number Statement for Annexure-II(c) Statement of Pay-Consolidated/ Fixed Pay shall be furnished by the DDOs to the respective higher authorities for consolidation and the HoDs shall send a single statement in the prescribed format.

12. In respect of Other Allowances, though there are around 80 different types of allowances attached to monthly salary of employees of different departments, there is only a single accounting code (i.e. 304 Other Allowances) and capturing of this information is not feasible in the IFHRMS. Hence, the Annexure-III (d) - Other Allowances shall be furnished by the DDOs to the respective higher authorities for consolidation and the HoDs shall send a single statement in the prescribed format.

Further Action to be taken at each DDO level in verifying the Number Statement and working out the requirement of funds in the RE 2023-24/ BE 2024-25 for the salary related heads of accounts

13. The Number Statement formats (except Annexure II (c) and Annexure III (d)) will be made available to the respective DDOs from 07.08.2023.
14. In addition, the head of account-wise break-up details of the employees considered in the Number Statement will also be available to the respective DDOs as per the format enclosed (**Appendix - 1A**) and the same shall be verified and necessary corrections carried out.
15. Variations if any found in the Number Statement regarding the employee details shall be brought to the notice of the connected Treasury/ PAO and suitable corrections shall be carried out to fetch the factual position.
16. The Number Statement generated from the system verified and updated manually shall be duly signed by the respective DDOs and submitted to the higher authorities for consolidation and forwarding to the HoDs.
17. Corrections / updation to the post details (like post name / category / Level of pay / omission / deletion of posts), if any required shall be carried out manually in the PDF format of Annexure I, II & III and sent to the higher authorities duly signed, along with relevant proof.
18. In addition, corrections made to the posts details in the PDF format shall be carried in the excel file of the NS facilitated in the system and a clean copy shall also be sent to the higher authorities.
- 19. The system calculated pay and allowances details shown in the Number Statement will be the basis for fund allocation for the salary expenditure heads and any additional or reduction in expenditure to the system generated figures should be duly justified.**
20. The Number Statement generated figures will be auto-populated in the IFHRMS under the 'Due' columns of RE and BE, from the level of DDOs and upto the HoDs.
21. **Requirement of additional funds** (like training posts/ transit pay/ Selection Grade/ Special Grade / Arrears of Pay and Allowances / Subsistence Allowance/ Leave salary, etc.) **or reductions** (due to absconding /

suspension/ disbandment / redeployment/ etc. after the cut-off date) to the IFHRMS generated figures shall be worked out in the separate model format (**Appendix - 1F**) and furnished along with employees break-up details.

22. Thus, the finalized budgetary requirements, taking into consideration the Number Statement figures and the additional fund requirements, shall be filled by the DDOs in the RE 2023-24/ BE 2024-25 proposal columns, while sending the online budget proposals for RE 2023-24 and BE 2024-25 to the concerned authorities. The working sheets seeking additional funds can be uploaded with the budget proposals.

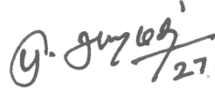

Action to be taken at the HoD level in verifying the Number Statement and working out the requirement of funds in RE 2023-24/ BE 2024-25 for the salary related heads of accounts

23. The HoDs will be facilitated with the Number Statement for the department as a whole simultaneously from 07.08.2023 for scrutiny. In addition, the excel dump of the data will also be provided to the HoDs in the four formats (**Appendix 1B to 1E**) attached herewith to verify the DDO-wise/ Post-wise data.
24. Corrections / updation to the post details (like post name / category / Level of pay / omission / deletion of posts) shall be carried out manually in the PDF format of Annexure I, II & III.
25. In addition, the corrections made to the post details in the PDF format shall be carried out in the excel file and a clean copy shall also be prepared by the HoDs.
26. The HoDs shall send the finalized Number Statement in PDF format as well as in the excel file format to the concerned PCB unit in Finance Department latest by **25.08.2023**.
27. Simultaneously, the HODs shall concentrate on the additional / reduction of fund requirements proposed by the DDOs in Appendix – 1F and accordingly workout the overall requirements.
28. Further, the HODs shall also take into account the impact of filling up of vacant posts / creation of new posts if any and merger / disbanding of any existing offices under their control during the two year period upto March 2025.
29. Thus, the RE 2023-24/ BE 2024-25 proposals for the salary related heads of accounts shall be the responsibility of the HoDs and the same shall be supported by the Number Statement and working sheets for additional fund requirements.

30. The HoDs shall specifically communicate the relevant portion of this guideline to their subordinate level officers and direct them to fully go through process and accordingly propose the correct Number Statement and prepare the RE/ BE proposals.
31. **It is reiterated that the system calculated pay and allowances details shown in the Number Statement will form the basis for fund allocation for the salary expenditure heads during RE/ BE DCB meetings and any additional or reduction in expenditure to the system generated figures would be considered upon furnishing of relevant information duly justifying such requirement.**
